

# SUMMARY CONSOLIDATED FINANCIAL STATEMENTS 6 MONTHS ENDED 30 JUNE 2023 FOR BANKS HOLDINGS LIMITED & ITS SUBSIDIARIES

#### **Directors' Statement:**

The Banks Holdings Limited (BHL) Group has experienced a mixed performance during the six months ended June 30, 2024. For Q2 2024, revenue stayed consistent with 2023 levels despite challenging economic and market conditions. However, rising costs of primary inputs led to a reduction in profits for the same period.

The BHL Group maintained a sound financial position, as evidenced by its increased working capital and a steady rise in equity however there were challenges in terms of profitability and cash flow generation.

The Board acknowledges the challenges faced during the second quarter of the year and is committed to implementing strategies to improve profitability and cash flow generation.

Global and regional direct inputs to manufacturing continue to rise with a 15.5% increase when compared to the same period in 2023. This impact is most recognized within our Juice & Milk category as commodity prices there continue to escalate at unforeseen levels. To this end we continue to tighten our belts as we execute on our strategic plans for 2024 which are designed to drive cost efficiencies across all operations within our group.

The reduction in Cash Flow is due to the continued settlement of long outstanding dividend liability to the parent entity.

The Board remains optimistic about the long-term prospects of the company and believes that the strong financial foundation will support future growth and success. While the current financial results are below expectations, the Board remains confident in BHL's ability to overcome challenges and deliver long-term value to shareholders.
