of the **Safety And Health At Work Act (SHAW)** and the need for many companies to address health and safety matters.

Since beginning work at PHD in March, 2011, Catlyn has made an indelible mark. He was seconded to sister company Banks

Breweries for a period to provide expertise there while a staff member was on leave and simultaneously continued to perform his duties ably at Pine Hill.

The jubilant Catlyn accepted his title graciously. "Thanks to Mr Cozier, to my family and the PHD staff – without them, I would not be here. PHD welcomed me in

and took my professional advice seriously. Milk really does do the body good!" he chuckled.

Each year, an **Employee Of The Year (EOY)** is selected from each of the five BHL entities – BHL's **Corporate Division, Pine Hill Dairy, Barbados Bottling Company (BBC), B&B Distribution and Banks Breweries.**

For 2012, the winners of the **EOY** title were group credit controller for BHL, Patricia Sylvester; PHD's health, safety, environmental & energy officer Damien Catlyn, BBC's inventory clerk

Duane Campbell; B&B's technician Errol Lowe and Banks Breweries forklift operator Fernon Scantlebury.

It is customary for BHL employees to display fierce and loyal support for their respective **Employee Of The Year** – but when the PHD's Catlyn was named, there was an explosion of cheer.

The BHL CEO pledged his commitment to the annual event noting that despite tough economic times BHL is committed to "rewarding staff who have gone beyond the call of duty".
